INTERNATIONAL
UNIVERSITY**

**GLOBAL ACCESS
to CANCER CARE
FOUNDATION**

Dr. Florian Kamp
Head of Medical Physics,
Department of Radiation Oncology and
Cyberknife center at the University
Hospital of Cologne, Germany.

The radiotherapy department at the university hospital of Cologne treats more than 2200 patients per year using two C-arm linacs, a Radixact and a CyberKnife machine.

Recently we implemented RadCalc's in-vivo Epid module in our clinic.
