Quality Education and Health Science for Patient Benefit

Feb 2025 / Volume 7 / Issue 1

We are pleased to announce that the prestigious Dr. Udipi Madhvanath Memorial AFOMP Best Ph.D. Award in Radiobiology for 2024 has been awarded to Dr. Balbir Singh. This distinguished award recognizes excellence in radiobiological research, honoring groundbreaking contributions that advance the understanding and application of radiobiology in medical sciences.

The award reflects a commitment to fostering high-quality research and innovation in the field of radiobiology.

Congratulations to Dr. Balbir Singh for achieving this outstanding recognition, further inspiring the medical physics and radiobiology community.
